

## CSI-328JET-2014-06

### **Title: Restart of AHRS upgrade from AH-800 to AH-900 on Dornier 328-300**

#### **Effectivity**

Dornier 328-300  
 Type Certificate Data Sheet EASA.A.096  
 Serial No.: All Aircraft

Dear valued Customer,

328 Support Services GmbH is pleased to announce to restart the upgrade program for the AHRS from AH-800 units to AH-900 within the Dornier 328-300 fleet.

The costs for repair of the AH-800 have significantly increased in the recent past which leads to a growing financial burden for the AH-800 operation. Some Jet operators used the campaign in 2012 to upgrade their AH-800 units. The AH-900 will make your Dornier 328-300 more attractive and serviceable for the future and your operation will be more reliable.

On the following pages you will find some additional information of this campaign and we hope this offer will find your agreement.
